

HR351
**Cardinal Employee Data Setup
and Maintenance**

Instructor Led Training

Welcome to Cardinal Training

This training provides participants with the skills and information necessary to use Cardinal and is not intended to replace existing Commonwealth and/or agency policies.

The following Human Capital Management (HCM) training materials are located on the Cardinal website (www.cardinalproject.virginia.gov) under **Learning**.

- Job Aids on topics across all functional areas
- Functional process and instructional videos

The **Cardinal HCM Human Resources Reports Catalog** is located on the Cardinal website under **Resources**.

The system screenshots included in the Cardinal HCM training courses show system pages and processes that some users may not have access to due to security roles and/or how specific responsibilities relate to the overall transaction or process being discussed.

For a list of available roles and descriptions, see the **Statewide Cardinal Security Handbook** on the Cardinal website in the **Security** section under **Resources**.

Course Objectives

After completing this course, you will be able to:

- ✓ Understand how the Cardinal HCM functional areas work together
- ✓ Add, clone, and maintain a position
- ✓ Hire an employee online
- ✓ Enter job data updates (transfers, leaves, separations)
- ✓ Review the mass upload options
- ✓ Enter Additional Pay and Rewards & Recognition

Course Objectives

After completing this course, you will be able to:

- ✓ Access the HCM Human Resources Reports Catalog
- ✓ Run a Report
- ✓ Run a Query
- ✓ Enter and maintain Disciplinary Actions
- ✓ Enter and maintain Performance Ratings

Lesson

1

Overview of Cardinal HCM

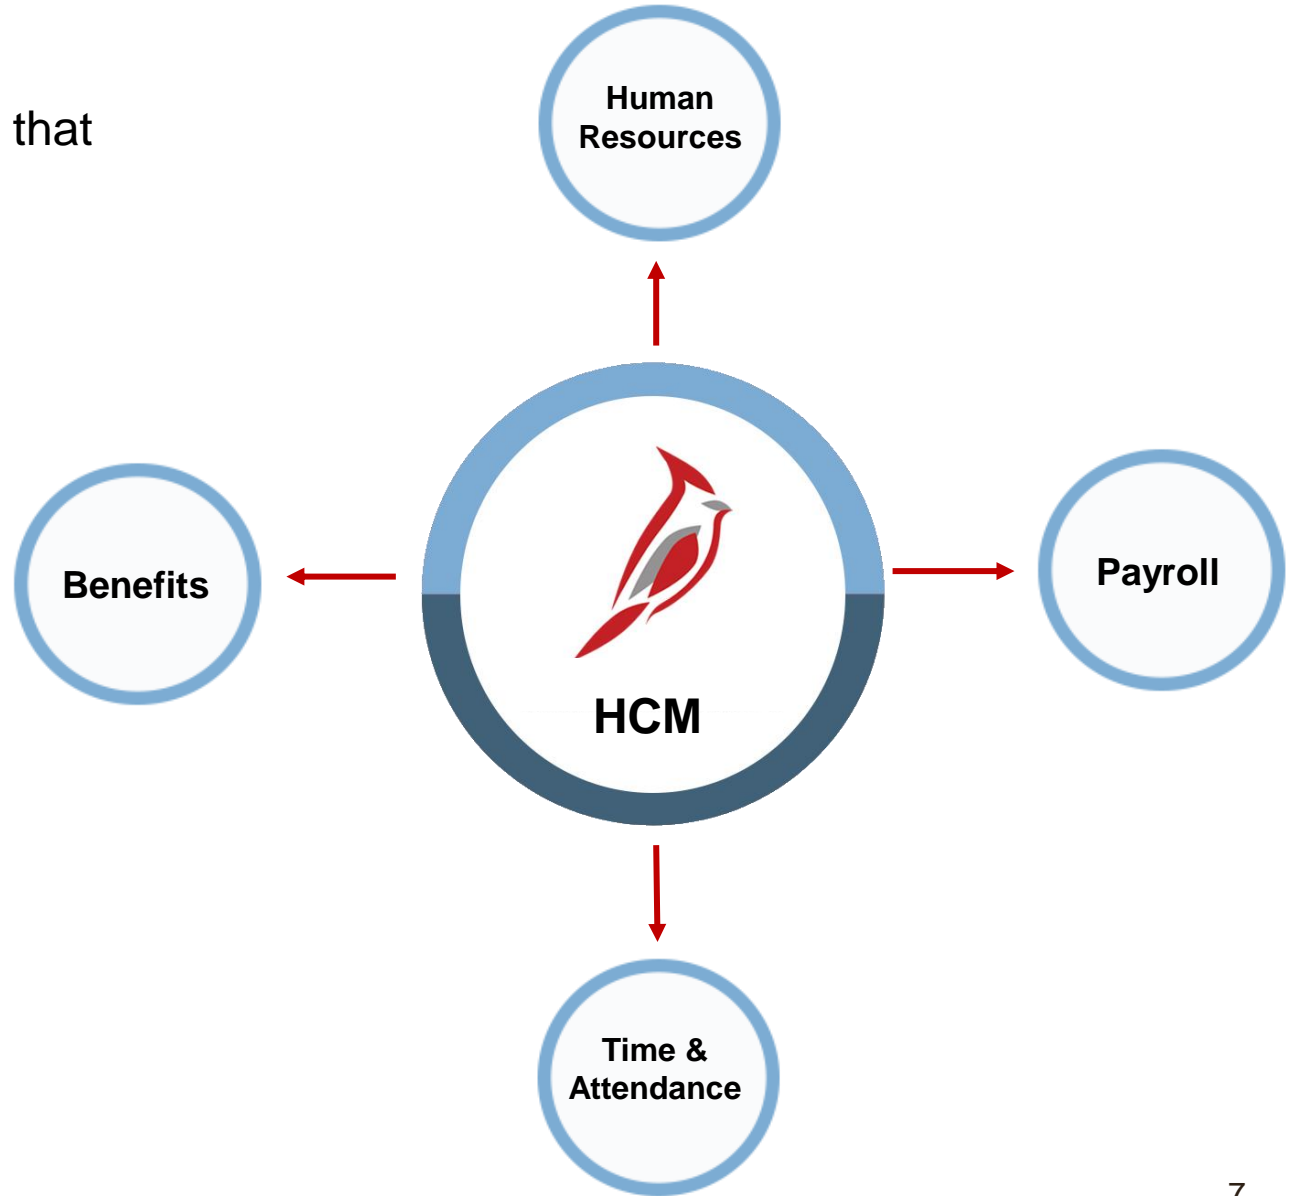

This lesson covers the following topics:

- What is Cardinal?
- Cardinal Integration
- The importance of Effective Dates

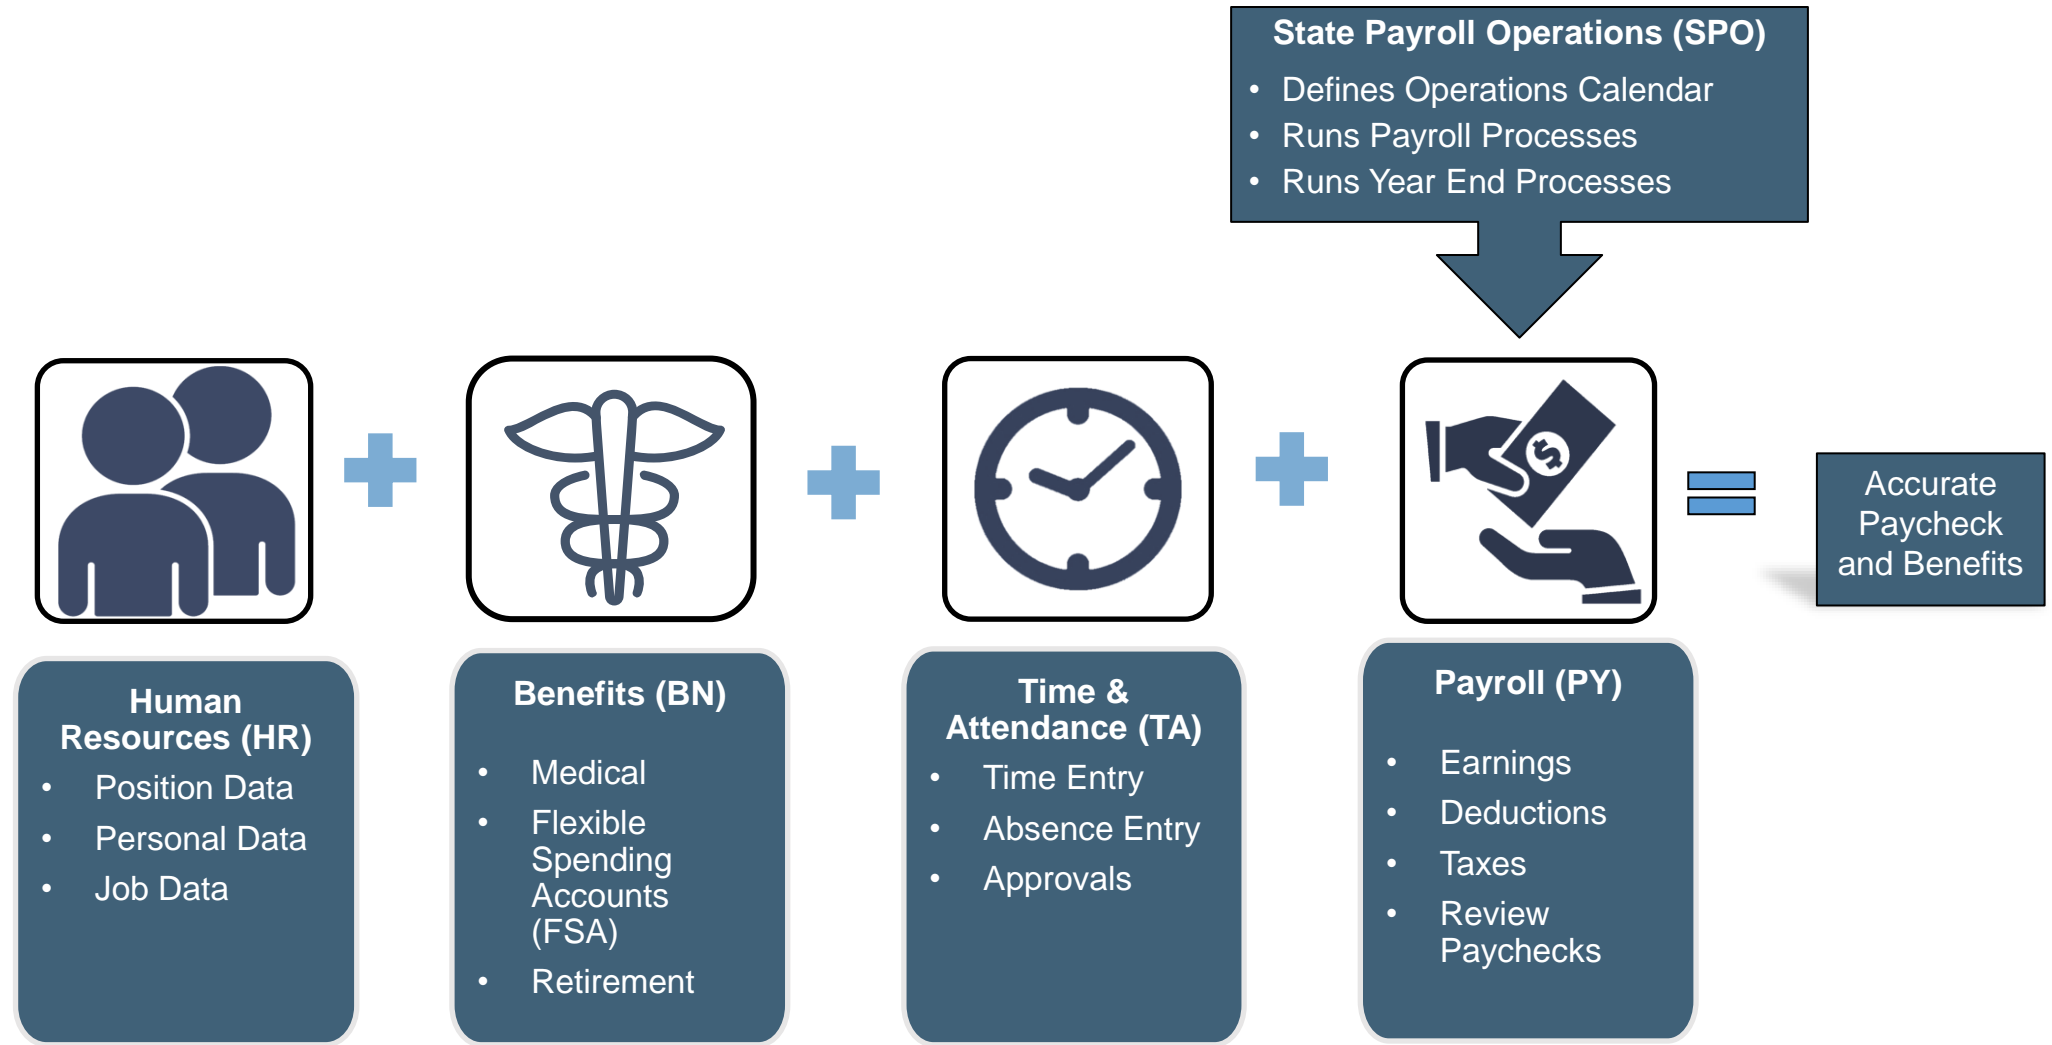

Cardinal System

Cardinal is a web-based application that consists of Cardinal Financials and Human Capital Management.

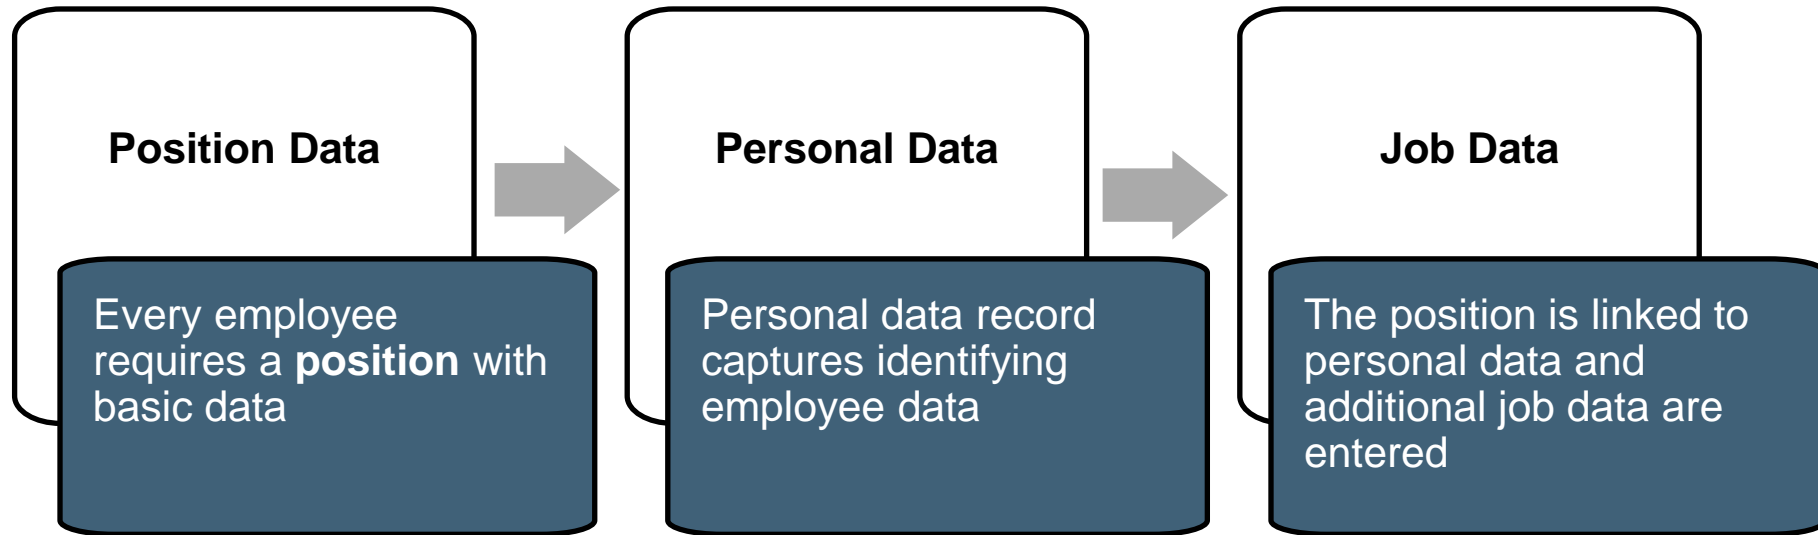

Cardinal HCM Responsibilities and Relationships

Overview of Order of Entry for Human Resource Data

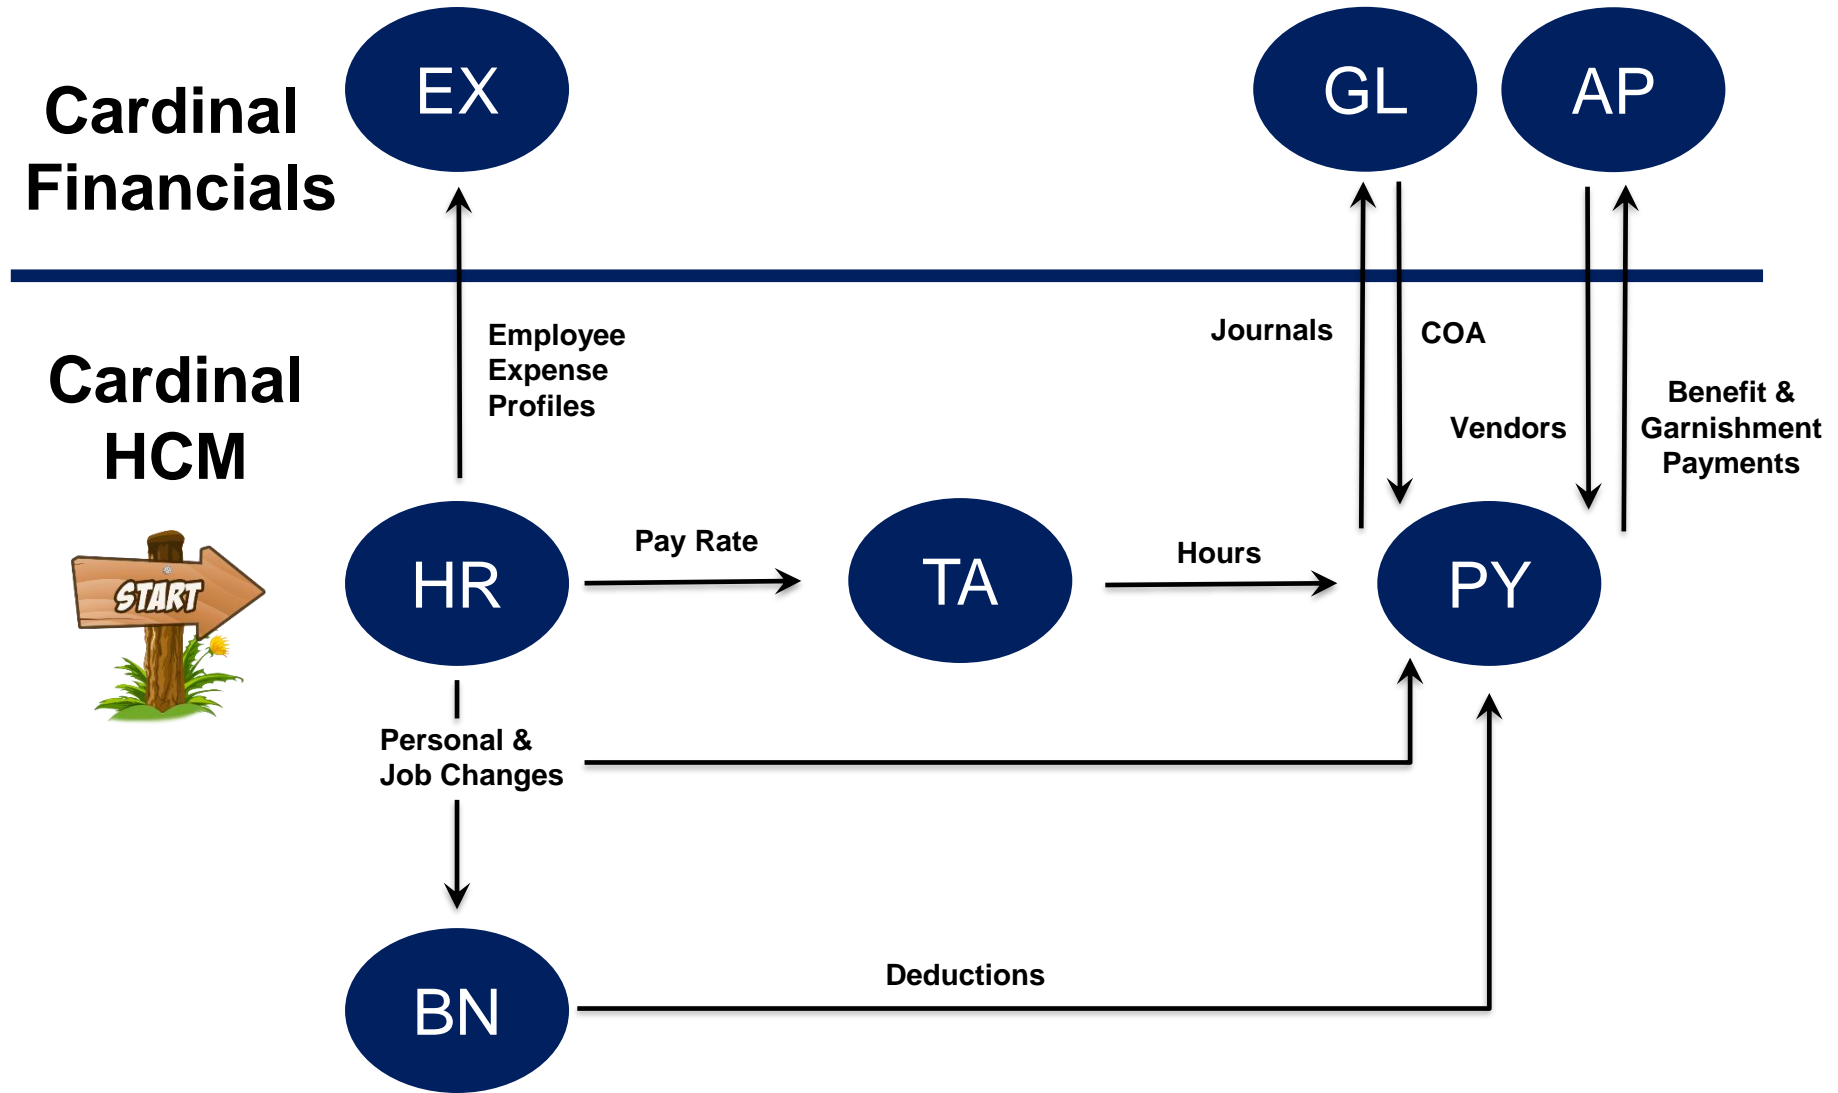

HR data must be entered into Cardinal in the following order: Position Data, Personal Data and Job Data.

Note: HR Data can be entered manually into Cardinal or via interface for agencies that are using an agency HR system.

Cardinal HCM Interfacing to Cardinal Financials

Financials: Expenses (EX), General Ledger (GL), Accounts Payable (AP)

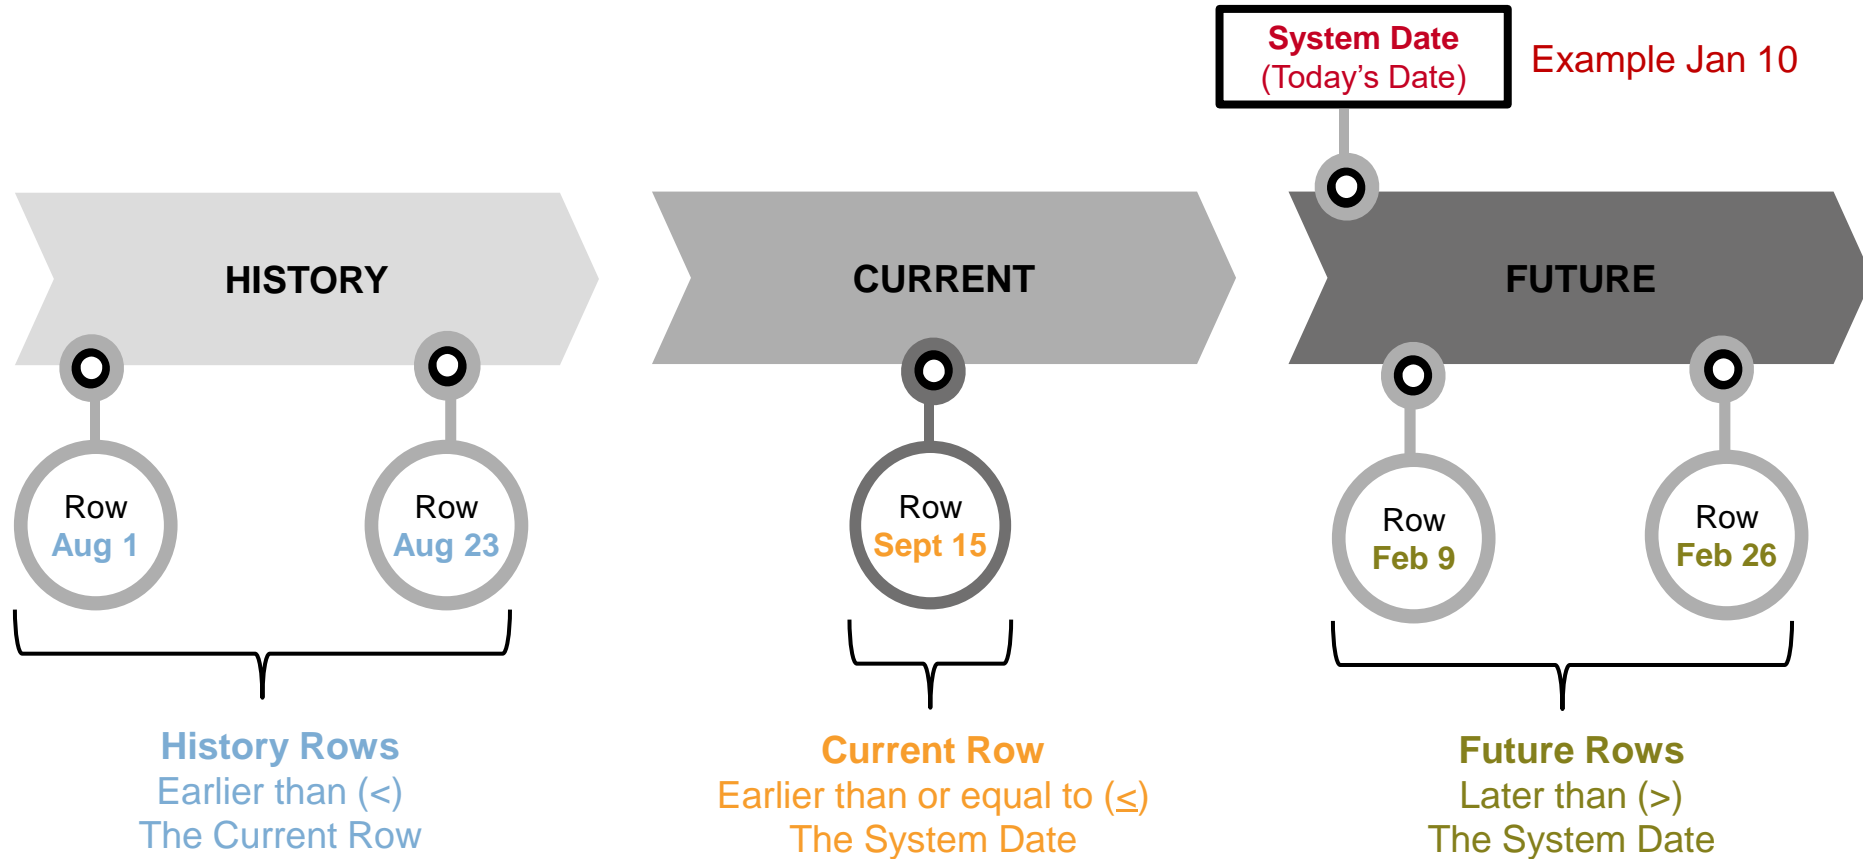

HCM: Human Resources (HR), Benefits Administration (BN), Time & Attendance (TA), Payroll (PY)

Cardinal Effective Dating

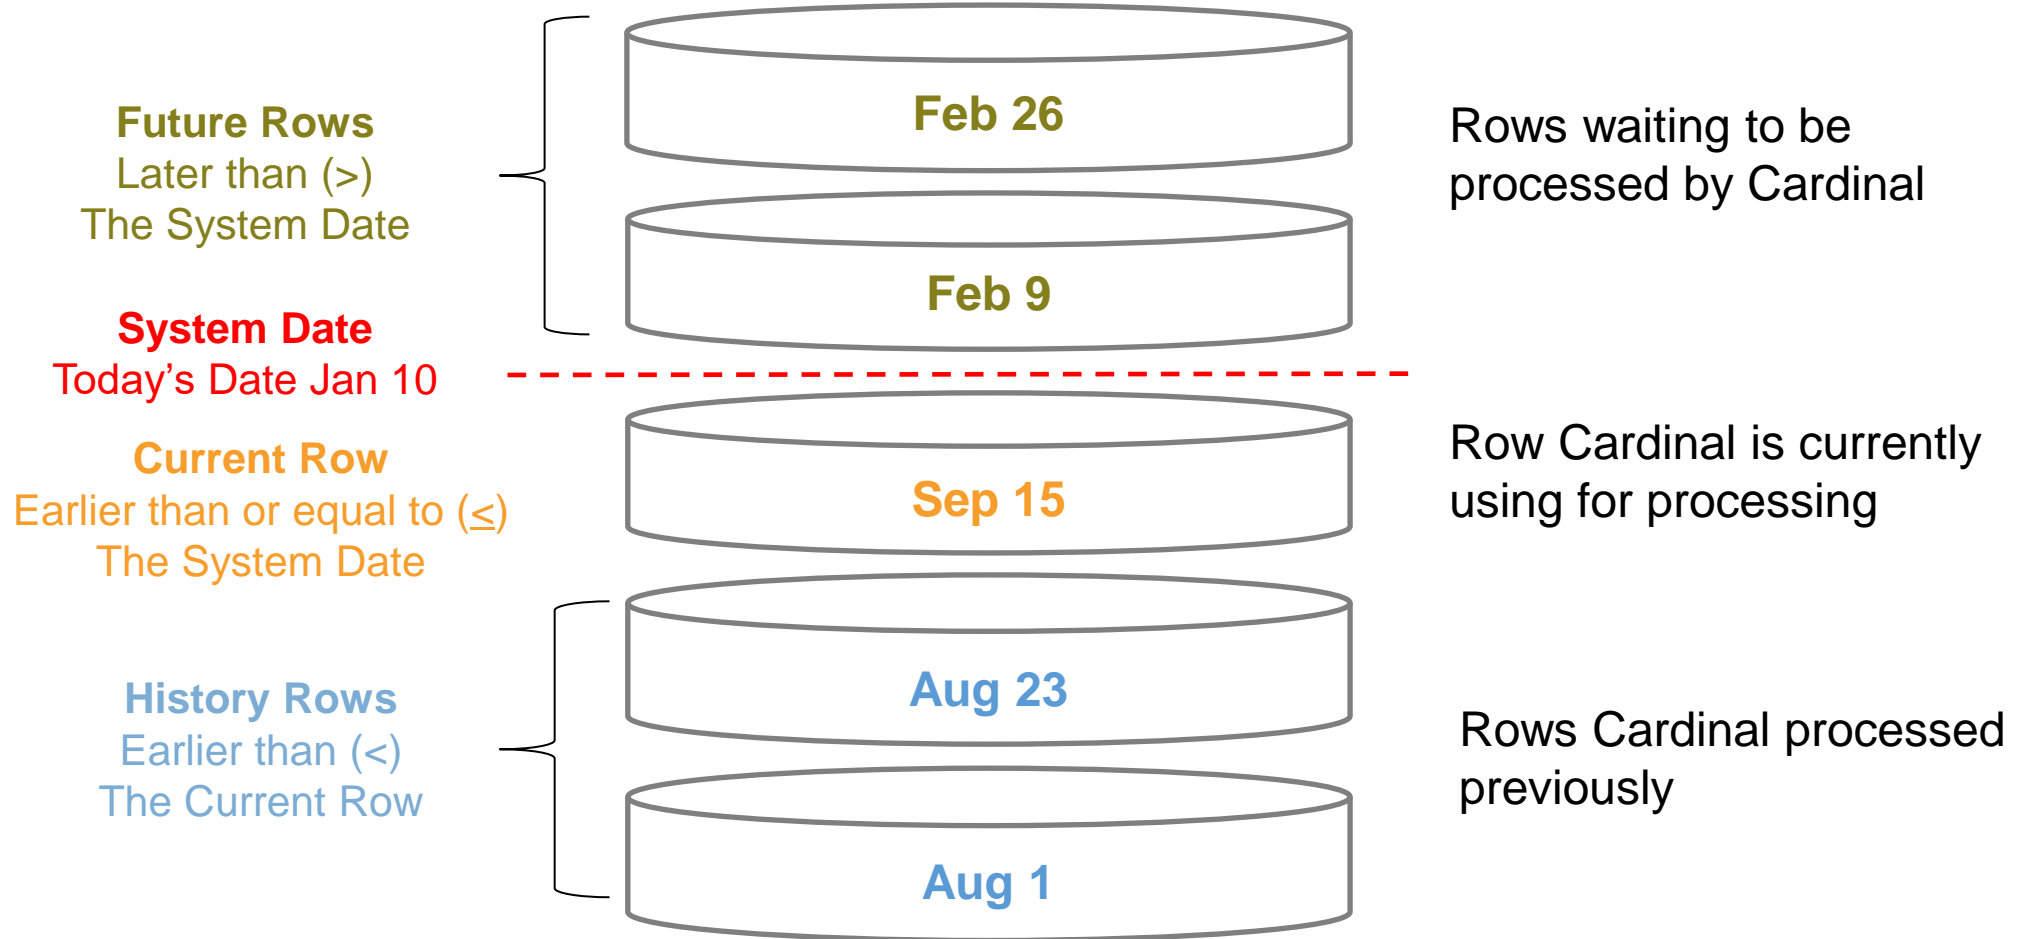

Effective dating provides the ability to keep historical, current, and future-dated information and the ability to update existing information without losing or overwriting the data already in Cardinal. To retain history, insert a data row identified by a date that indicates when the new information goes into effect: an effective date.

For further information on effective dating, see the job aid titled **HR351 Overview of Effective Dating**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Cardinal Effective Dating – Layer Cake

Note: Send an email to vccc@vita.virginia.gov with Cardinal in the Subject to submit a helpdesk ticket.

Additional Considerations Related to Future Dated Rows

When adding a future dated row in HR:

- It's important to note that they do not write updates to VNAV
- They are not allowed on interface files for interfacing agencies

When deleting a future dated row in HR:

- If there is a benefit related impact (i.e., Termination) the HR Administrator should notify the Benefits Administrator to enter a ticket with the PPS Benefits team to void a triggered event

Now you have an opportunity to practice the lessons learned today in a training environment.

Your instructor will provide direction on how to log in and complete the exercise.

If you have any questions, please ask your instructor.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. True or False. HR data can only be entered into Cardinal via the online method.

2. Human Resources functional area consists of how many data types?

- A. 3
- B. 2
- C. 1

3. True or False. The HR Administrator is the only Cardinal role that can insert a row in between two rows in Job Data.

HR Data Relationships

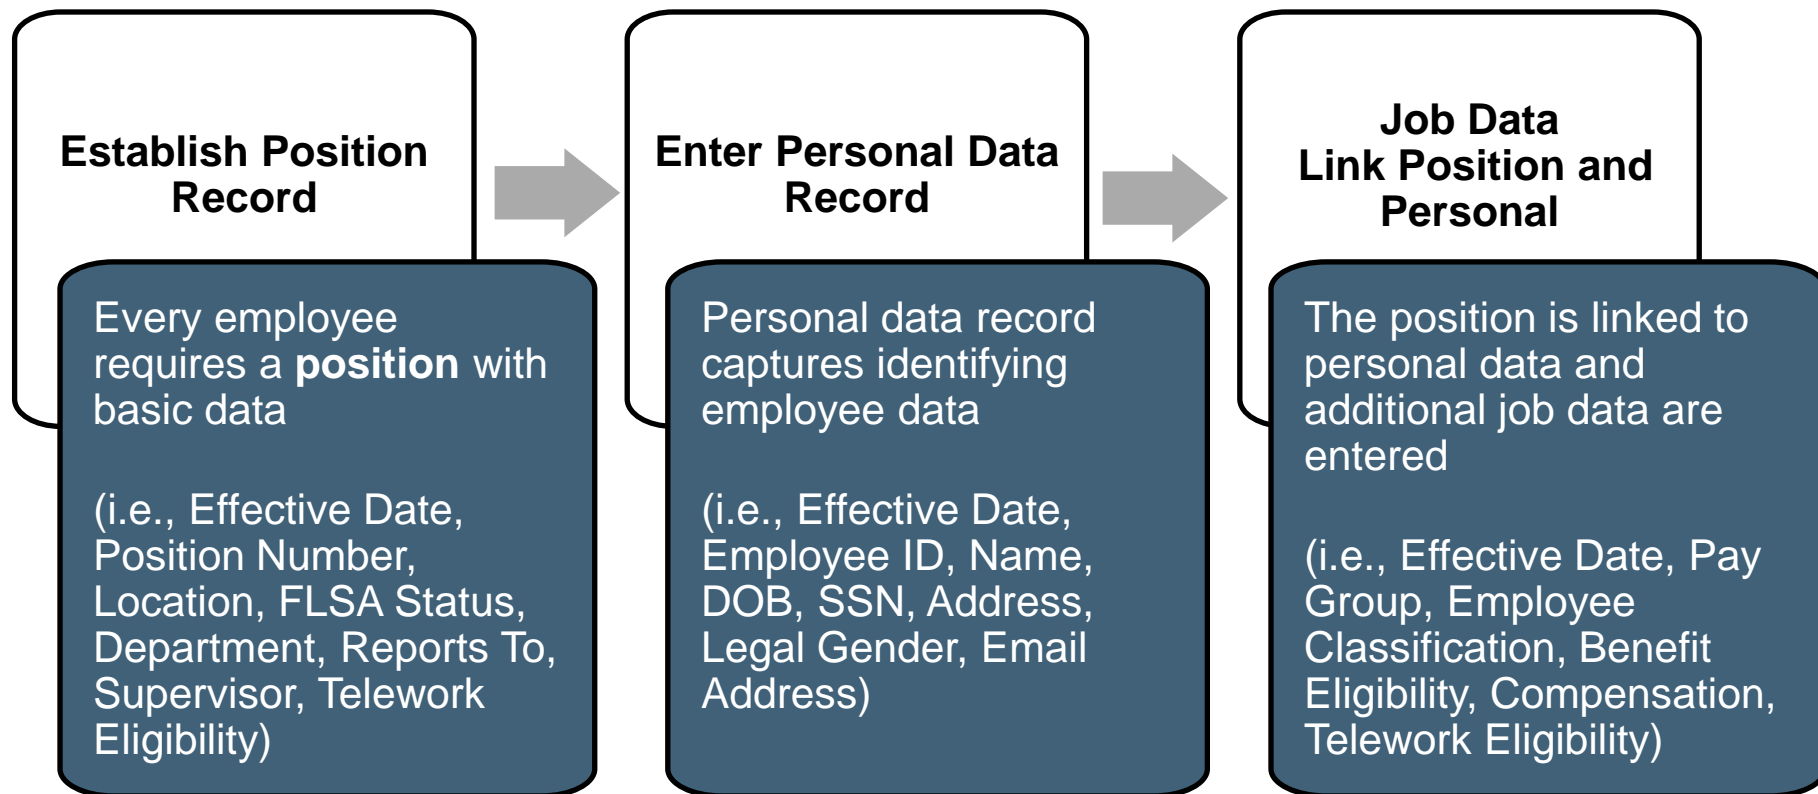

Order of Entry for Human Resource Data

HR data must be entered into Cardinal in the following order: Position Data, Personal Data and Job Data.

First the position must be established, next the employee is hired into the position and their personal data is entered in Cardinal and this is followed by the job data which links all three types of data together for an employee.

Lesson Summary

2

Human Resources Data Types

In this lesson, you learned:

- A position must exist in Cardinal before an employee can be hired
- All required personal data for the employee must be entered before completing the job data
- Employees can have a job in more than one agency

Lesson

3

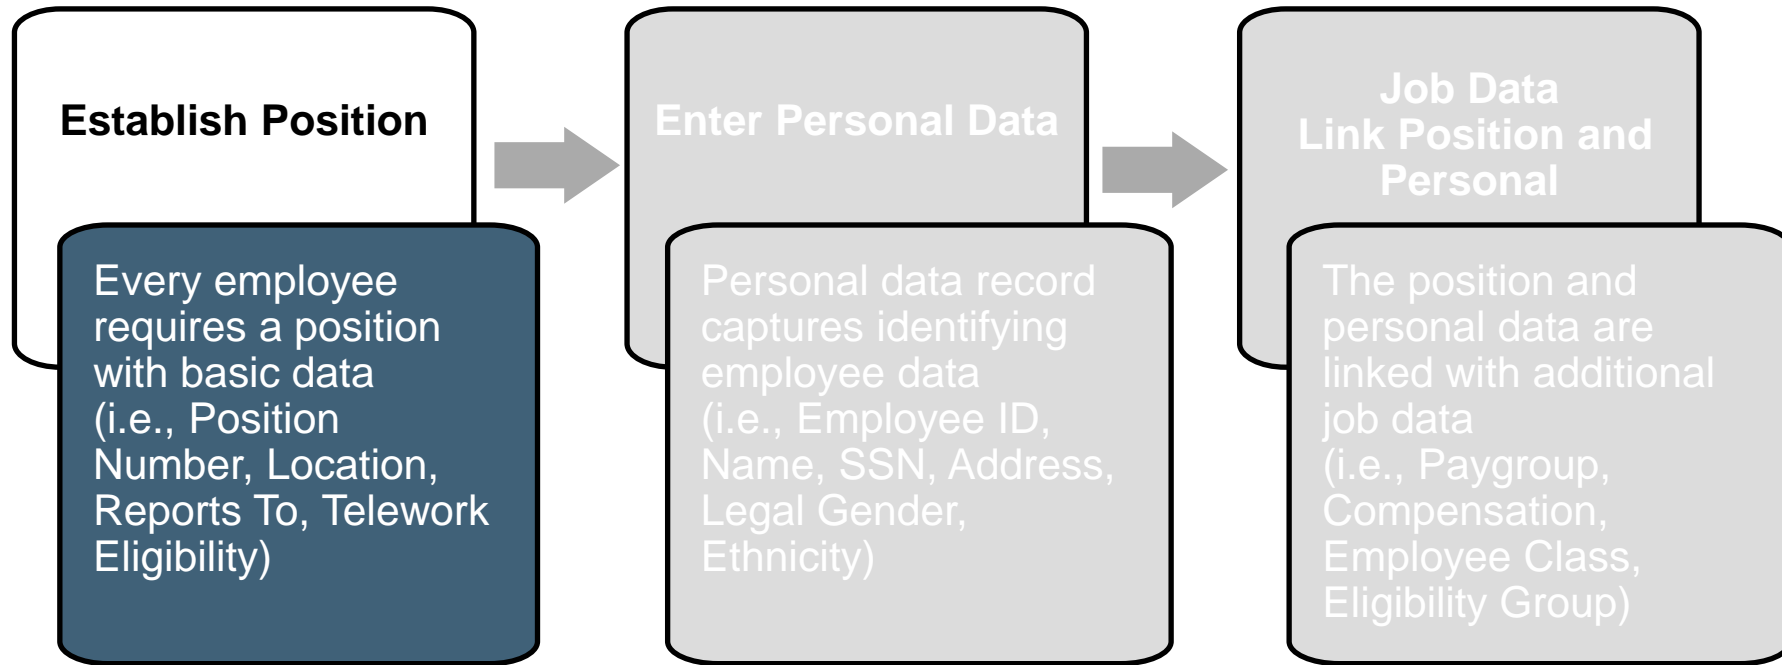

Managing Positions Data

This lesson covers the following topics:

- Entering Positions
- Cloning Positions
- Updating Positions

Entering and Maintaining Position Data

Entering and Maintaining Position Data

Agencies who use Cardinal to maintain employee job information and/or participant state health benefits must enter/maintain positions in Cardinal.

Positions:

- Cardinal does not create position numbers (these are created and approved outside of Cardinal)
- Each Agency must develop a process to track their Positions
- Created for all employees
- Created before employee is hired
- Unique for each agency and begins with a 3-character alpha prefix that represents the Agency (i.e., CJS)
- Parent Agencies can enter positions for child Agencies

For further information on Creating, Cloning or Updating Positions, see the job aid titled **HR351 Managing Position Data**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Updates to Positions with Incumbents

Changes made to a position are carried over to the incumbent employee's job data. Prior to making a change to the position, check the incumbent employee's job data to verify that the current effective dated row is prior to the proposed effective date of the position change. If it is not, the position change will not flow to the incumbent's employee job data without entering a help desk ticket to VCCC - vccc@vita.virginia.gov

Example: If the effective date for the position change is 10/1/2024 then the top row of the incumbent employee's job data must be dated prior to 10/1/2024 for the position change to flow to the incumbent's employee job data without requiring a help desk ticket.

The screenshot shows a 'Position Details' form with a table of job data. A red box highlights a '+' icon in the top-left corner of the table, with a red arrow pointing to a 'Request Details' form below. The 'Request Details' form has fields for '*Effective Date', 'Effective Sequence', and 'Reason Code'.

Effective Sequence in Position and Job Data

The **Effective Sequence** field is located directly below the **Effective Date** field on the Position and Job Data pages. This field defaults to 0 whenever a transaction is entered but increases (either systematically or manually) whenever the same effective date is used consecutively.

The screenshot shows a 'Create Position' form with a light gray header containing 'Cancel', 'Create Position', and 'Continue' buttons. The form contains three input fields: '*Position Number' (empty), '*Effective Date' (with a calendar icon), and 'Effective Sequence' (containing the value '0'). A red rectangular box highlights the '*Effective Date' and 'Effective Sequence' fields. Below the form, the text 'Reason NEW New Position' is visible.

Position Data page – Effective Sequence updates systematically

The screenshot shows the 'Job Data' page with a navigation bar at the top containing 'Work Location', 'Job Information', 'Payroll', 'Salary Plan', and 'Compensati'. Below the navigation bar, there are labels for 'Employee', 'Empl ID', and 'Empl Record'. A section titled 'Work Location Details' with a help icon (?) contains two input fields: '*Effective Date' (with a calendar icon) and 'Effective Sequence' (containing the value '0'). A red rectangular box highlights these two fields.

Job Data page – Effective Sequence is updated manually

Using the Same Effective Date with Position and Job

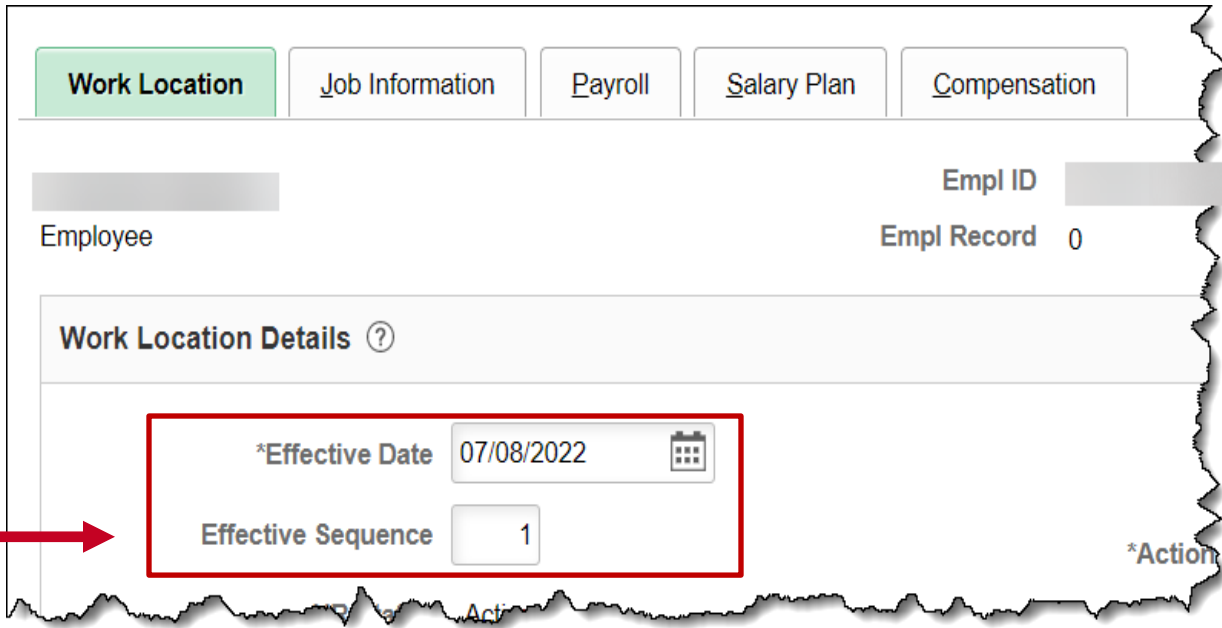

When a Position change and Job change have the same Effective Date, follow the steps below to ensure the changes are made in the appropriate order so that a help desk ticket is not required.

Position Data Change

1. Always enter the position change first. Make sure the position change effective date is after the top of stack effective date in job data.
2. The position change will carry over to Job Data upon save and create a new row in Job Data.

Job Data Change

3. Navigate to the Job Data page.
4. Enter a new row with the same Effective Date as the position change.
5. Manually increment the Effective Sequence by 1. 
6. Enter the applicable job data changes.

The screenshot shows a software interface with a navigation bar at the top containing tabs for 'Work Location', 'Job Information', 'Payroll', 'Salary Plan', and 'Compensation'. Below the navigation bar, there is a section for 'Employee' with fields for 'Empl ID' and 'Empl Record' (value 0). The main content area is titled 'Work Location Details' and contains a form with two fields: '*Effective Date' with the value '07/08/2022' and a calendar icon, and 'Effective Sequence' with the value '1'. A red box highlights these two fields. A red arrow points from the text 'Manually increment the Effective Sequence by 1.' to the 'Effective Sequence' field. The bottom right corner of the form has a '*Action' label.

Cloning a Position

If you have several positions to create that are identical or similar, the clone functionality can save you some keystrokes.

- Locate the position to copy from and navigate to the **Position Details** page.
- Click the **Clone** button (upper right corner).
- Enter the position number for new position in the **Position Number** field.
- Enter the date the new position should be effective in the **Effective Date** field.
- Click the **Continue** button.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. Agency HR Administrator will have the ability to:
 - a) Add, Clone, Update Positions
 - b) Clone Positions only
 - c) Delete Positions

2. How many characters will the prefix for positions have?
 - a) Five
 - b) Four
 - c) Three

3. True or False. The **Effective Sequence** field on the Position Data page is updated manually by the HR Administrator.

In this lesson, you learned:

- How to enter new positions
- How to properly make updates to positions
- How to clone positions

Lesson

4

Managing Employee Personal Data

This lesson covers the following topics:

- Performing Search Match
- Entering new hire personal data
- Updating personal data
- Finding only personal data in Cardinal

Personal Data Information

Of the three HR Data types (Position, Personal and Job), Personal Data is entered second into Cardinal.

Once we have an accepted job offer and all the required paperwork, the employee can be entered into Cardinal.

Personal Data Information

Prior to starting the New Hire/Rehire process, make sure that all the new hire paperwork is in place. A social security number is required to save a personal data record in Cardinal.

Temporary Social Security Number (SSN)

On occasions, an employee's SSN may not be available at the time of hire because the employee is awaiting an SSN. In these cases, it is necessary for the Agency HR Administrator to obtain a temporary SSN to save the personal data information and fully process the hire in Cardinal. The Agency HR Administrator also should verify that the employee has submitted the required SS-5 Application for a Social Security card with the Social Security Administration.

The assigning of the Temporary SSN is different for employees who are eligible for VRS Retirement employees and Non VRS Retirement Program employees.

For further information on how to assign a temporary SSN to an employee, see the job aid titled **HR351 Assigning and Monitoring Temporary SSNs**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Steps to Obtain a Temporary Social Security Number

The highlighted rows in each process identifies the steps where the processes are different.

VRS Temp SSN Process	
Agency	Request temporary SSN from VRS.
VRS	Provide Agency with Temp SSN
Agency	Complete new hire in Cardinal
Employee	Provide HR Admin copy of new SSN Card
Agency	Using a secure method notify iHelp of new SSN
iHelp	Update employee Personal record with permanent SSN
iHelp	Notify OHB of the newly received permanent SSN
iHelp	Notify the applicable Payroll office of new SSN

NON VRS Temp SSN Process	
Agency	Run the emp SSN query to determine next Temp SSN number
Agency	Complete new hire in Cardinal
Employee	Provide HR Admin copy of new SSN Card
Agency	Using a secure method notify iHelp of new SSN
iHelp	Update employee Personal record with permanent SSN
iHelp	Notify OHB of the newly received permanent SSN
iHelp	Notify the applicable Payroll office of new SSN

Personal Data Information – Search Match

Prior to entering a new hire or rehire, the Agency HR Administrator performs a Search Match using the employee's SSN to determine if the person already exists in Cardinal or to capture their employee ID.

- If a match is not found, proceed with adding the person's personal information into Cardinal to generate an Employee ID.
- If a match is found, the Agency HR Administrator must go to the **Person Organizational Summary** page to determine how to process the hire. (i.e., rehire if a terminated employee record is found or transfer if an active employee record is found)

Note: For agencies with their own HR systems that elect to interface with Cardinal HCM, an upload interface allows agencies to send employee new hire records without an employee ID number. Cardinal then assigns the employee ID as part of the upload step. The process to complete a new hire upload interface is covered in the job aid titled **HR351 Interface Administration**.

Managing Employee Personal Data

In this lesson, you learned:

- How to perform a Search Match
- How to enter new hire personal data
- How to review/approve employee self service transactions

Lesson

Managing Employee Job Data

This lesson covers the following topics:

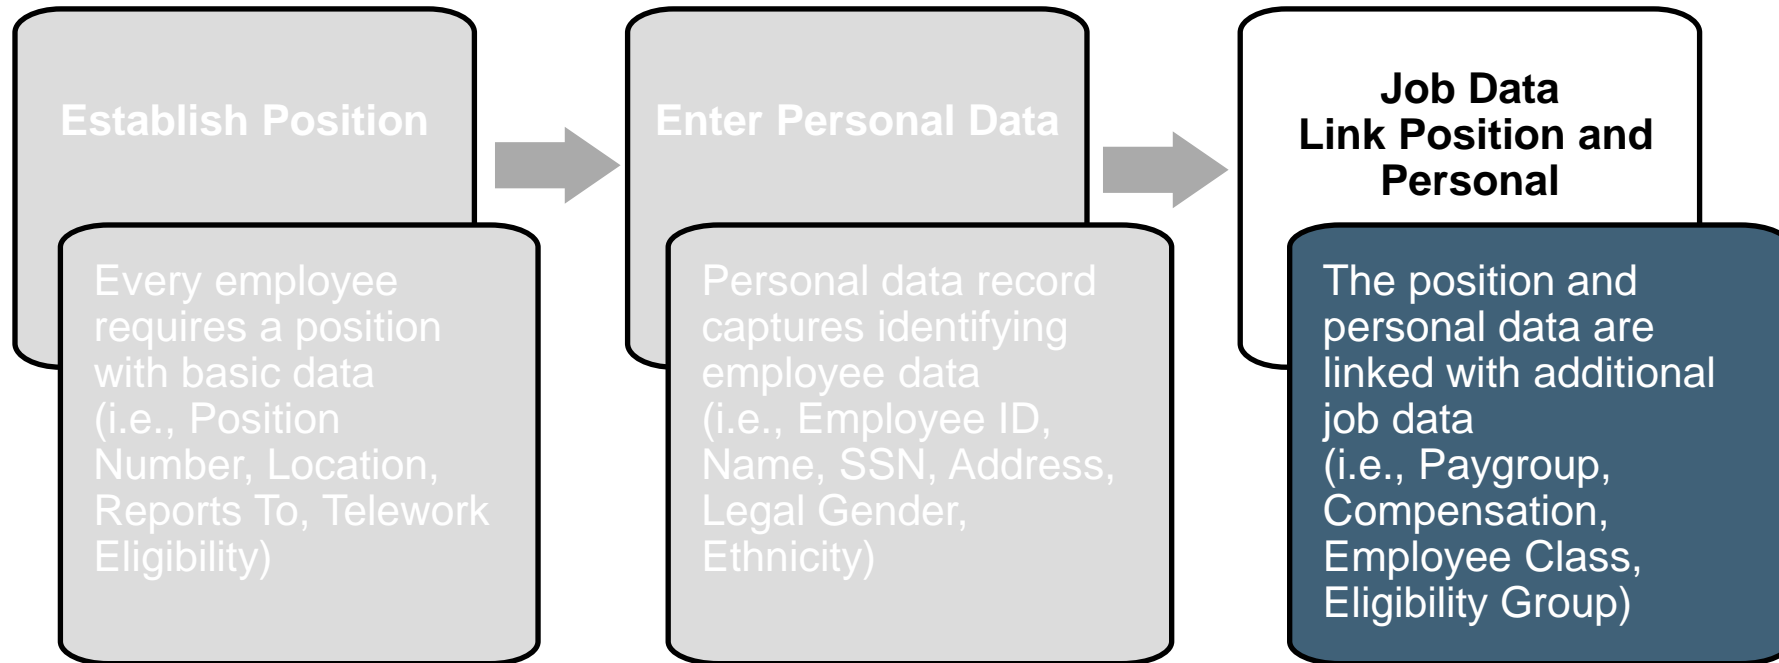

- Hiring a new employee
- Maintaining telework data
- Adding a new employment instance
- Rehiring an employee
- Managing service dates

Job Data Information

Of the three HR Data types (Position, Personal and Job), Job Data is entered last into Cardinal.

Once we have an accepted job offer and all the required paperwork, the employee can be entered into Cardinal.

Hiring an Employee – Add Org Relationship

The **Add Relationship** button functions as the save for personal data.

- It verifies that all required personal data is entered.
 - If not, a message will display identifying the required information that is missing.
- Click the tabs to go back to enter missing information; **DO NOT CLICK THE BROWSER BACK BUTTON.**
- Click the **Add Relationship** button once missing information has been added.

The screenshot shows a web form for adding an organizational relationship. At the top, there are five tabs: 'Biographical Details', 'Contact Information', 'Regional', 'Organizational Relationships' (highlighted in green), and 'VA Person Info'. Below the tabs, the form is titled 'Test Employee' with 'Person ID NEW' to the right. The main heading is 'Choose Org Relationship to Add'. There are three radio button options: 'Employee' (checked), 'Contingent Worker', and 'Person of Interest'. Below these is a field for 'Empl Record' with the value '0'. A 'Select Checklist Code' dropdown menu is set to 'Hire' and has a blue arrow icon to its right. A red box highlights the 'Add Relationship' button. At the bottom of the form, there are several buttons: a green button with a red 'X' over it, 'Notify', 'Refresh', 'Add', and 'Update/Display'.

Key fields in this section:

- **Effective Date** represents hire or rehire date
 - Job effective date must be the same date as the Personal Data or a date later than the Personal Data
 - Example: Personal Data is dated 11/1/2024. The Job Data must be dated 11/1/2024 or later
- ***Action / Reason** describes hire/rehire reason
 - Action activates HR and Payroll statuses
 - Reason activates Benefits status
- **Job Indicator** – This is a required field that defaults to Primary Job. If an employee is holding multiple positions, their salary position should be the primary job and their wage position should be the secondary job. The Primary Job is the job that will drive benefits.
- **Position Number** refers to the position in which the person will be hired
 - Validate that the last action taken on the selected position is effective dated before the date of the hire effective date
Example: Job Data is dated 11/1/2024. The Position effective date should be dated prior to 11/1/2024
 - The job code is associated with the position number
 - Information from the selected position populates several fields on the employee's job data page
- Key **Job Data** fields to be completed are **Employee Class, Pay Group, Frequency, Comp Rate Code, and Comp Rate**

Note: The **Action/Reason, Employee Class, and Job Code** are key fields in the VRS file nightly extract from Cardinal to VRS. VNAV reconciliation will be difficult and time consuming if the incorrect data is entered.

Key fields in this section:

- **Empl Class** (Employee Classification) represents the different type of employees (i.e., Wage, Salaried, Adjunct, Valor, etc.)
 - Many options are dependent upon the Empl Class selected (i.e., the semi-monthly pay group of SM1 is not available for wage employees)
- **Standard Hours** is the number of hours per week the employee is scheduled to work
 - This defaults from the position but should be updated for quasi or part time employees
 - The FTE is calculated based on the standard hours (i.e., 36 hours/40 hours per week equals .90 FTE)

For further information on Employee Class or Standard Hours, see the job aids titled **HR351_Employee Class Overview and Processing a Change in Full/Part/Quasi Status**. These job aids can be found on the Cardinal website in **Job Aids** under **Learning**.

- **Absence System** identifies whether the employee's agency uses Cardinal Absence Management or if the employee is Wage
 - The option of **Absence Management** indicates the employee is salaried and the agency uses Cardinal Absence Management
 - The option of **Other** indicates either:
 - The agency uses a system other than Cardinal to manage time and absence information for its employees
 - The employee is hourly
- **Pay Group** identifies the pay cycle the employee is assigned (i.e., SM1: Semimonthly, BW1: Hourly)
- **Employee Type** defaults based on the pay group selected and identifies if the employee is salaried or hourly
- **Tax Location Code*** identifies where the employee physically works. For payroll, this information is used to identify the state for state tax data for unemployment insurance as well as the employee's resident state for tax purposes.
- **Holiday Schedule** defaults based on the pay group selected and the employee type. It drives the holidays that appear on the employee's timesheet.
- **FICA Status** defaults to **Subject** for regular Social Security and Medicare tax withholdings. Update to:
 - **Exempt** if the employee is exempt from both Social Security and Medicare tax
 - **Medicare only** if the employee is only subject to Medicare tax withholdings

Job Data – Employment Information

Key fields related to hiring an employee:

- **Probation Date:** this is the expiration date of probation, if applicable
- **Employee Eligible for Telework?:** this value indicates if the employee is eligible for telework based on your agency guidelines

Note: The employee's position must be Available for Telework for the Employee to be Eligible for telework. For more information regarding telework, see the job aid titled **HR351_Managing Employee Teleworker Data**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**

- **Alternate Leave Plan:** this field is used to enter the employee's Leave Eligibility Group (i.e., VSDPELGGRP) for those agencies who do not use Cardinal for Absence Management.

Note: For agencies who do use Cardinal Absence Management, this field is greyed out here because this information is captured on the Payroll tab in the Absence Management System section at the bottom of the page.

- **VSDP Enroll Date:** enter the date of hire as the date of enrollment into the Virginia Sickness and Disability Program.

Hiring an Employee – Telework Agreement

Navigation: Menu > Workforce Administration > Job Information > Maintain Teleworkers

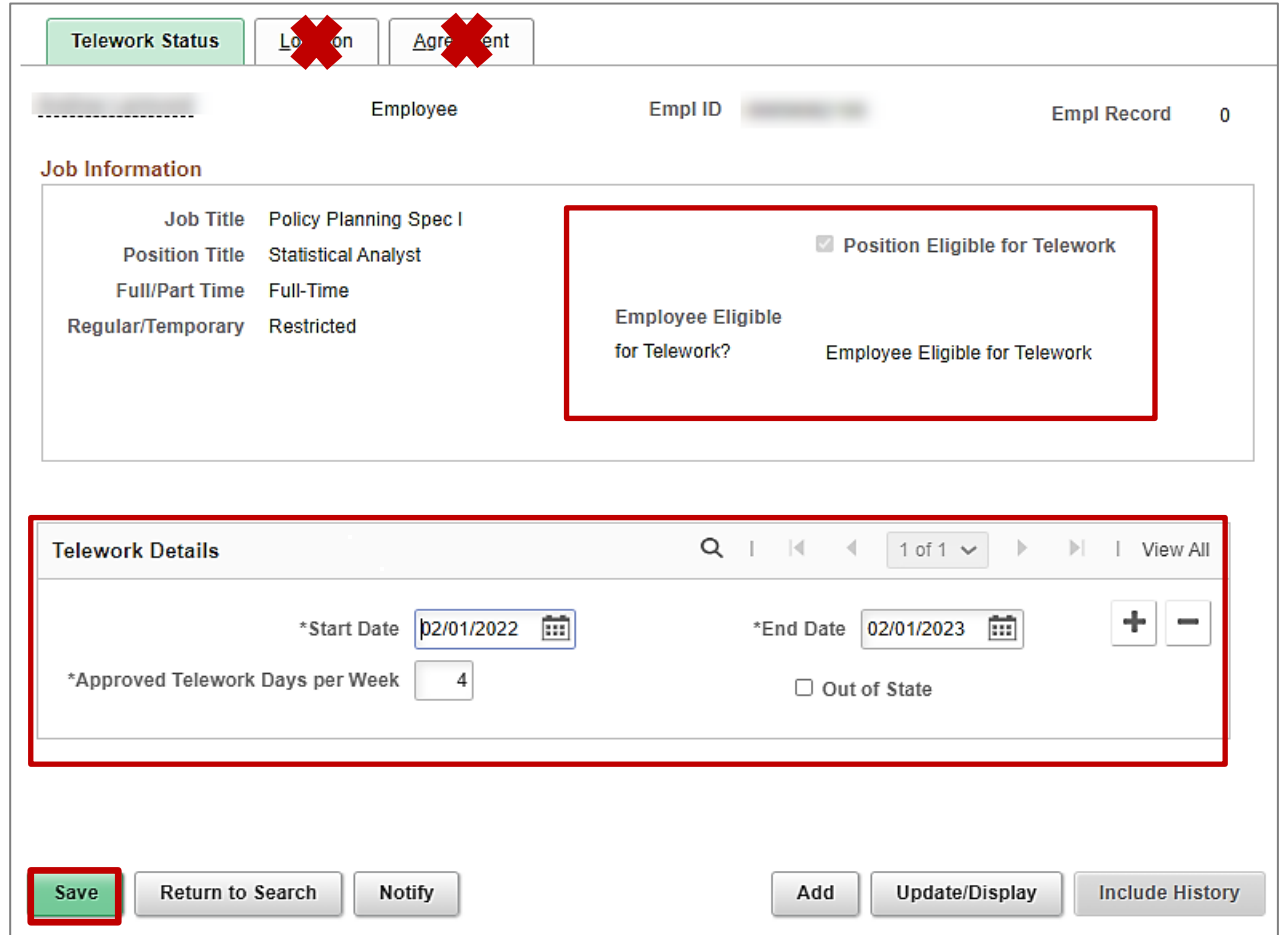

Review the **Job Information** section for **Position** and **Employee Eligibility for Telework**.

- A telework agreement can only be entered if both the position and employee are eligible

Telework agreements entered in the **Teleworker Details** section cannot overlap.

- If changes are needed to a telework agreement, the **End Date** of the previous agreement must be updated so it does not overlap with the **Start Date** of the new agreement

Telework agreements are typically entered for one year at a time.

The following message displays.

A screenshot of a confirmation dialog box with a grey border. The text inside reads: "Do you wish to open the Job Data associated to this emplid: [redacted] Employee Record: 0 (25101,91)". Below the text are two buttons: "Yes" and "No".

Do you wish to open the Job Data associated to this emplid: [redacted] Employee Record: 0 (25101,91)

Yes No

Below is guidance as to when you select **Yes** or **No**.

Select **Yes** when

- Rehiring for the Same Agency
- Rehiring for same type (i.e., Salary to Salary, Wage to Wage)

Select **No** when

- Rehiring but to a different agency
- Rehiring for different type (i.e., Wage to Salary, Salary to Wage)

For further information on hiring or rehiring an employee, see the job aids titled **HR351 Completing a Hire** and **HR351 Completing a Rehire**. These job aids can be found on the Cardinal website in **Job Aids** under **Learning**.

Answer Yes: Job Data Opened for Employee Record 0

New Hire: Job data is blank so Employee Record 0 can be created

Rehire: Opens job data for Employee Record 0; click the **Add a Row icon (+)** to add rehire transaction to top of existing record

The screenshot displays the 'Work Location' tab of an HR system. At the top, there are navigation tabs: 'Work Location' (selected), 'Job Information', 'Payroll', 'Salary Plan', and 'Compensation'. Below these, the 'Employee' section shows 'Empl ID' and 'Empl Record 0', with the latter highlighted by a red box. The 'Work Location Details' section features a search bar and navigation controls. A red box highlights the 'Job History' section, which contains the following fields:

- *Effective Date: 12/01/2021 (with a calendar icon)
- Effective Sequence: 0
- HR Status: Inactive
- Payroll Status: Terminated
- *Action: Termination (dropdown menu)
- Reason: Conversion (dropdown menu)
- *Job Indicator: (dropdown menu)

To the right of the 'Job History' section is a 'Go To Row' button with a plus sign (+) and a minus sign (-). Below the 'Job History' section, the 'Position Number' is CJS00203, with a search icon and the text 'Program Support Specialist'. There is an 'Override Position Data' button. The 'Position Entry Date' is 02/01/1997, with a checkbox for 'Position Management Record'. The 'Regulatory Region' is USA, with the text 'United States' below it. At the bottom, there is a 'Company' field with 'IF' and a 'Post of Criminal Justice Svc' field.

Answer No: New Employee Record is Created

Rehire: Employee Record is incremented by 1 digit

- Employee rehired to same agency as a different type (i.e., wage to salary)
- Employee rehired to a different agency

Agency Next Steps after Hire/Rehire/Transfer

- ❑ Update employee's personal data if applicable
 - For further information on updating personal data, see job aid titled, **HR351_Viewing and Modifying Personal Data**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

- ❑ Communicate with Employee to update state and federal withholding forms, direct deposit elections, etc. per established business practices

- ❑ Coordinate with agency Benefits Administrators to ensure that eligible employees complete their benefit elections (within 30 days per OHB policy)
 - For further information on completing benefit elections, see job aid titled, **BN361_Completing a New Hire Enrollment**. These job aids can be found on the Cardinal website in **Job Aids** under **Learning**.

- ❑ Coordinate with agency Time and Labor (TL) Administrators to ensure that all employees are assigned the applicable Work Schedule (can be assigned by either a TL Administrator or the employee's supervisor), review their TA eligibilities (i.e., overtime, comp leave, etc.) and update their leave balance, if applicable
 - For further information on assigning work schedules and entering leave balance adjustments, see job aids titled, **TA_Maintaining Employee Work Schedules** and **TA374_Managing Balance Adjustments**. These job aids can be found on the Cardinal website in **Job Aids** under **Learning**.

Lesson Checkpoint

Managing Job Data Updates

This lesson covers the following topics:

- Intra-Agency Transfer
- Inter-Agency Transfer
- Leave of Absences
- Separations / Terminations

Intra-Agency Transfer Overview

- Intra-Agency Transfer is the movement of an employee from one position to another within the same Agency.
- Agency HR updates employee's **Job Data** page and all applicable data fields (i.e., compensation)
- **Action** and **Action Reason** fields maintain active HR and Payroll Statuses
- When moving an employee from a Salary position to a Wage position or a Wage position to a Salary position the HR Admin will simply insert a row and select Action/Reason of **Termination/Resignation**. Then the new employee record will be created by adding a new employee instance to hire the employee into the new position using the Action/Reason for the movement **into** the new position is **Hire/New Hire**.

For detailed information on Intra-Agency Transfers, see the job aid titled **HR351 Managing the Intra-Agency Transfer Process**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Updating Employee Compensation

Employee Job Record Pay Components:

- State salary
- Non-state salary
- Special pay SPPAY Special Rate Compensation
- Hourly rate

Compensation parameters (i.e., Pay Bands) only overridden by DHRM

- Errors if pay rate exceeds limits
- Discipline pay rate changes at least 5%

Submit mass uploads (i.e., Agency-wide compensation actions) to PPS for upload

Bonuses are not tracked/paid through Employee Job Record (covered later in course)

Payroll Administrator runs reports and queries for the reconciliation process

For further details on Employee Compensation Changes, see the job aid titled **HR351 Updating an Employee's Compensation**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

For further details on Rewards and Recognitions, see the job aid titled **HR351 Rewards and Recognition**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

For further details on how to complete a mass upload see the job aid titled **Performing a Mass Upload**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Your instructor will provide direction on how to log in and complete the exercise.

If you have any questions, please ask your instructor.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. True or False. Intra-Agency Transfer refers to the movement of an employee from one position to another within the same agency.

2. True or False. Additional job data fields (i.e., compensation) may need to be updated, as applicable.

3. True or False. If moving an employee from a Salary position to a Wage position the Action/Reason for the movement **out** of the position is **Termination/Resignation**.

Inter-Agency Transfer Overview

An Inter-Agency Transfer is defined as the movement of an employee from one Agency to another Agency. The key to a seamless transfer is communication between the receiving agency and sending agency HR Administrators.

- Verify that all necessary information is in hand prior to keying the transfer action.
- Confirm the **Effective Date** of the transfer with the receiving agency to ensure no break in service (i.e., consider using LNP code to dock pay)
- Provide the employee's leave balances (if applicable) in case a balance adjustment is needed
- Enter the **Termination / Transfer Out** transaction
- Verify that all necessary data is in hand
- Ensure that all position updates have been made (i.e., correct effective date, job code, location code and telework eligibility)
- Confirm the Effective Date of the transfer with the sending agency to ensure no break in service (same effective date as the transfer out)
- Obtain the employee's current benefit elections (if applicable) so they can be reviewed upon completion of transfer
- Obtain the employee's leave balance (if applicable) in case a balance adjustment is needed
- Checks the **Person Organizational Summary** page to verify if the transaction has been entered by the sending agency
- After seeing the transaction on the **Person Organizational Summary** page, the receiving agency enters their portion of the transaction (after waiting 24 hours) using the **New Employment Instance** option to create a new employee record* and using the Action / Reason of **Hire / Transfer In**
- **Note:** If the employee is returning to the receiving agency, it may be possible to use their existing employee record.

Inter-Agency Transfer – Keeping Benefits Active

The Action Reasons of “**Transfer Out**” used by the sending agency and “**Transfer In**” used by the receiving agency ensure the employee maintains an active Benefits Status.

The Receiving Agency’s Benefits Administrator will need to review the transferred employee’s information to ensure the transfer is done correctly and with as little disruption to the employee as possible. See job aid titled **BN361_Managing Terminations and Transfers** for more details. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

For further information on Inter-Agency Transfers, see the job aid titled **HR351 Managing an Inter-Agency Transfer**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

1. True or False. The **New Employment Instance** option is used to hire an employee who is transferring to a new agency.

2. True or False. The Reason Codes used for Inter-Agency transfers to keep benefits active are Transfer In and Transfer Out.

3. True or False. The agency receiving the employee must process their portion of the inter-agency transfer first.

Payroll Processing Calendar Considerations

HR Administrators should be mindful of the Payroll Processing Calendar when entering transactions.

- HR transactions that impact pay and have an effective date within or prior to the end date of the pay cycle being processed should be held and entered **after 3 pm on the day of Confirm Pay.**
- Transactions entered between the Data Freeze and Confirm Pay, with an effective within or prior to the end date of the pay cycle being processed, may cause the employee's paycheck to drop off the payroll register or otherwise impact the employee's pay in an unexpected manner.
- If a change is needed for the employee during the current payroll cycle that is in progress, please contact your agency Payroll Administrator immediately for guidance and assistance.

Leave of Absence Overview

There are two categories of Leave of Absences in Cardinal: Paid and Unpaid.

Paid Leave – For paid leave of absences for Short Term Disability (STD), Long Term Disability (LTD) or Worker's Compensation Leave there are additional processing steps. These leave types require manual processing of payments by the Payroll Administrator. The HR Administrator must: (agencies serviced by PSB do not do these steps)

- Turn off the automatic semi-monthly payments generated by the SM1 or SM2 pay groups
 - This stops the automatic processing of the employee's salary and any additional pay in progress.
 - The Payroll Administrator manually calculates the employee's pay based on the percentages allowed by the STD plan and pay this amount via the SPOT (Single Use Payroll Online Tool)
 - Also, if the employee has leave that they would like to use to supplement the disability payment, the Payroll Administrator and TA Administrator can determine how much leave is required to do so.
- On the Payroll tab, the HR Administrator must change the Holiday Schedule from HOLSAL to HOLSTD
 - This affects the holidays the employee is paid for while on this type of leave.

Unpaid Leave – This type of leave is simpler to enter because the employee is not getting paid.

- Selecting the Action of Unpaid Leave stops the employee's pay from processing.

Return from Leave – When the employee physically returns from leave is when this entry is made in Cardinal.

Demonstration

In this demonstration, the Instructor will demonstrate the following:

- Entering Short-Term Disability Paid Leave of Absence
- Return from Short-Term Disability Paid Leave of Absence
- Entering a Paid Leave of Absence
- Returning from Leave of Absence
- Entering an Unpaid Leave of Absence
- Returning from Unpaid Leave of Absence

Hands-On Exercise

Now you have an opportunity to practice the lessons learned today in a training environment.

Your instructor will provide direction on how to log in and complete the exercise.

If you have any questions, please ask your instructor.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. True or False. Setting the **Turn Off Auto Pay** field to **Yes**, turns off the automatic payroll processing and additional payments for the employee.

2. True or False. The Agency HR Administrator will insert a row in Personal Data to place the employee on Leave.

3. True or False. Employees on Leave of Absence will appear on the **Return from Leave** tile on the Cardinal Homepage.

Separations / Terminations Overview

Types of **Separations/Terminations** covered in this section of the course:

Involuntary

- Layoff
- Standards of Conduct
- Unsatisfactory Performance during Probationary Period
- Inability to Perform Duties.

Voluntary

- Resignation
- Retirement: Service Retirement, Retirement In Lieu of Layoff, or Enhanced Retirement
- Separation: Completion of Limited Appointment or Contract
- Death of Employee

Separations / Terminations – Death and Death with Dependent

There are two Action / Reason combinations related to an employee's death:

- Termination/Death
- Termination/Death with Dependent.

The difference between the two events is that the benefits terminate on different dates.

When an employee passes away, the Benefit Administrator should review the employee's current health plan coverage code and advise the HR Administrator whether to use the **Termination/Death** or **Termination/Death with Dependent** Action/Reason combination.

Separations / Terminations Key Points

- Effective date of Termination transactions is generally the day immediately following last day worked
 - Example: If employee last worked on Friday, Termination Effective Date is Saturday
- The employee's email address must be updated in Cardinal after separation for the employee, their surviving family, or retirees, to gain access to Cardinal to view pay history and W2s.
 - The HR Administrator obtains the personal email address and updates the email address in Cardinal from Agency Provided to Employee Provided.
 - HR Administrator must also check the personal email address as Preferred.
 - Selecting this email address as preferred is the driving factor for post-employment system access.
- Separated employees will then have access to Cardinal for 18 months after the Termination Date. After 18 months, this access ends automatically. Agency HR does not need to go back in and remove the personal email address.

After the Termination transaction is saved, all HCM functional areas are updated appropriately:

- Benefits status is updated in Cardinal Benefits (BN); COBRA eligibility is triggered if applicable.
- Time Reporter is updated for Cardinal TA and leave accruals stop.
- The updated Payroll status does not create a Paysheet for the employee.

For further information on Separating Employees, see the job aid titled **HR351 Separation Statues**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Demonstration

In this demonstration, the Instructor will demonstrate the following:

- Separation / Termination - Death
- Separation / Termination - Retirement / Service Retirement

Hands-On Exercise

Now you have an opportunity to practice the lessons learned today in a training environment.

Your instructor will provide direction on how to log in and complete the exercise.

If you have any questions, please ask your instructor.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. True or False. The **effective date** of a termination is the last day the employee worked.

2. True or False. The personal email must be obtained upon separation and entered in Personal Data as the preferred email address.

3. True or False. If registered with a valid email address, for 18 months from the effective date of the separation, former employees or their family, will have access to Cardinal for W2s and pay history.

Managing Employee Additional Pay and Rewards & Recognition

This lesson covers the following topics:

- Adding Additional Pay
- Updating Additional Pay
- Stopping Additional Pay
- Entering Rewards and Recognition

What is Considered Additional Pay

Additional pay processes the additional amount of pay that is to be added to the employee's paycheck per pay period.

- Fixed, Recurring Payments in addition to Regular Pay
 - Cell Phone Reimbursement
 - Adjunct Pay
 - Temporary Pay
- For Retroactive Effective Dates:
 - Payroll Admin calculates retroactive amount
 - Payroll Admin processes the payment in SPOT
- For partial amounts due to Mid-Pay Period changes:
 - Effective Date is the actual date the additional pay became effective
 - Payroll Admin calculates prorated amount
 - Payroll Admin processes the payment in SPOT
- Only HR can enter Additional Pay transactions

For further information on Additional Pay, see the job aid titled **HR351 Processing Additional Pays**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Rewards and Recognition Overview

Employee Rewards and Recognition include both leave and monetary rewards for an employee.

- These rewards are entered on the **Rewards and Recognition** page and not in Job Data.
- The information entered on the Rewards and Recognition page is for tracking and reporting and does not produce pay for the employee. These reports help ensure compliance with reward limits.
- Leave and monetary rewards entry varies based on whether is a leave or monetary award

Consolidated reporting pulls leave awards from the Cardinal Leave Award page and Cardinal Absence Management to show statewide totals of leave awards. For further information on Reports, see the **Cardinal HCM Human Resources Reports Catalog**. The Cardinal HCM Human Resources Reports Catalog can be found on the Cardinal website under **Resources**.

Rewards and Recognition Types

Cardinal Rewards and Recognition tracks the following:	
529	Sign On/Retention 529 PMT
ALI	Annual Leave Incentive
ERB	Employee Recognition Bonus
ERL	Employee Recognition Leave
ERN	Employee Recognition Non Mon
ESL	Employee Suggestion Leave
ESP	Employee Suggestion PMT
IBB	Inband Bonus
PBB	Project Based Bonus
RLP	Referral PMT
RNB	Retention Bonus
SAL	Service Award Leave
SOB	Sign on Bonus
SOL	Sign on Leave
SRS	Sign/On/Retention Student Load

Rewards and Recognition – Leave Rewards

Leave Rewards are entered differently depending on whether the agency is using Cardinal Absence Management or not.

- Agencies **NOT** using Cardinal Absence Management
 - Enter Leave Reward information through Cardinal **Rewards and Recognition** page
 - Also enter Leave Reward hours in external leave system of record
 - Cardinal does not interface to external leave systems of record

- Agencies using Cardinal Absence Management
 - Enter Leave Reward as balance adjustment or entitlement in Cardinal Absence Management
 - Consolidated reporting pulls Leave Awards from **Rewards and Recognition** page and Cardinal Absence Management to show statewide totals

For further information on how to enter the balance adjusts into Cardinal, see the job aid titled **TA374 Managing Absence Balances**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Rewards and Recognition – Monetary Rewards

- Agency HR tracks employee's:
 - Written Agreement
 - Expiration date of the Written Agreement per incentive bonus
 - Payment Installments (singular or multiple – as needed)
- Agency HR works with the Agency Payroll Administrator have these bonus payments paid using the Single Use Payroll Online Tool (SPOT).
Note: Monetary rewards are not paid on the **Additional Pay** page.
- For large volumes, optionally submit a file of rewards and recognition using the mass upload process

For further information on Rewards and Recognition see the job aid titled **HR351 Rewards and Recognition**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. True or False. VRS Contribution Base and Premium Reward earnings codes are entered on the Additional Pay page by the HR Administrator only when the employee is first hired.

2. True or False. Additional pay that requires proration (partial payment amount) must be sent to the Payroll Administrator to process via the SPOT tool.

3. Monetary rewards are not sent to the Payroll Administrator for payment via the SPOT tool.

Running Reports and Queries

This lesson covers the following topics:

- HCM Reports Catalog
- Accessing and Running a Report
- Accessing and Running a Query

HCM Reports Catalogs

The **Human Capital Management (HCM) Human Resources Reports Catalog** contains queries and reports specific to the Human Resources functional area.

The **HCM Human Resources Reports Catalog** can be found on the Cardinal website under **Resources**. There is a reports catalog available for each of the functional areas. (i.e., Benefits, Payroll and Time and Attendance)

- **Cardinal SW NAV225 Cardinal Reporting (HCM)** Web Based Training (WBT) course provides training and interactive demonstrations that cover the fundamentals of how to run or access reports and queries. This course is available in Cardinal Learning and on the Cardinal Website.
- Reports/queries may be used by more than one functional area; thus, you may need to use the search/find feature to locate a specific report/query that may be in a different functional area.

In Cardinal:

- To run a report, the full navigation path for a specified report can be found in any of HCM Reports Catalogs.
- To run a query, Navigate to: **Menu > Reporting Tools > Query > Query Viewer** and search for the query name

For further information on reports and queries in Cardinal, see the Reports Catalog titled **Cardinal HCM (Human Resources, Benefits, Payroll or Time and Attendance) Reports Catalog**. The Cardinal HCM Reports Catalogs are located on the Cardinal under **Resources**.

Demonstration

In this demonstration, the Instructor will demonstrate the following:

- Running a Report

Lesson

9

Managing Additional HR Data for VPA Covered Employees

This lesson covers the following topics:

- Entering and Maintaining Disciplinary Actions
- Entering and Maintaining Performance Ratings

Entering and Maintaining Disciplinary Actions

The Cardinal Disciplinary Action pages are used to record and track written notices and disciplinary actions.

In addition, when the disciplinary action results in a change to the employee's job classification or compensation, an update to the employee's Job Record is required to impact the HR and Payroll functional areas (e. g., demotions, reductions in pay, terminations).

DHRM will allow agencies to delete written notices and the associated disciplinary actions from the disciplinary action pages vs. requiring DHRM intervention.

Written notices can only be entered for VPA covered employees. Cardinal will not allow the user to enter a written notice for a non-VPA employee.

Entering and Maintaining Disciplinary Actions (continued)

The Agency HR Administrator enters the written notice, along with the related details, which include the date of the offense, the nature of the offense, and any relevant agency notes.

The expiration date of the written notice will default based on the group level. No manual updates will be made to this field.

Agency HR can view the written notices via the online page or by using custom reports and queries.

If there is a reversal or update to the disciplinary action, Agency HR will have the ability to update as required on Disciplinary Actions page.

However, DHRM involvement is still required to modify the employee's job data record and reverse the disciplinary action. This will require a Help Desk ticket to be created.

Agency HR Administrators will have display only access to Disciplinary Actions entered by other agencies for their active employees.

Types of Disciplinary Actions

After a written notice has been entered, the agency will record the disciplinary actions associated with the written notice. The types of Disciplinary Actions include:

- Disciplinary Pay Reduction (must accompany a Disciplinary Lateral Transfer and Demotion)
- XFR Invol Demotion Discipline
- Lateral Disciplinary XFR
- No Disciplinary Action
- Suspension
- Term– Involuntary (Violation of Standards of Conduct)

After recording this information in the Disciplinary Actions page, the employee's job data is updated by adding a new row to process the disciplinary action.

Navigation: Menu > Workforce Administration > Labor Administration > Record Disciplinary Actions

For further information on completing a Disciplinary Actions, see the job aid titled **HR351 Entering and Maintaining Disciplinary Actions**. This job aid can be found on the Cardinal website in **Job Aids** under **Learning**.

Demonstration

In this demonstration, the Instructor will demonstrate the following:

- Entering a Disciplinary Action

Hands-On Exercise

Now you have an opportunity to practice the lessons learned today in a training environment.

Your instructor will provide direction on how to log in and complete the exercise.

If you have any questions, please ask your instructor.

Entering and Maintaining Performance Rating

The Department of Human Resource Management (DHRM) maintains annual performance cycles and cycle effective dates. DHRM also communicates the applicable open/closed dates through normal business processes. Standard annual statewide employee performance management cycle is 12-month period from October 25 – October 24

Performance Ratings are annually collected and entered for all VPA employees.

- Four possible ratings:
 - X – Extraordinary Contributor
 - C – Contributor
 - B – Below Contributor
 - L – Employee on Leave or Otherwise Not Rated

Entering and Maintaining Performance Rating (continued)

During the annual performance rating cycle, Agency HR will now upload all ratings for their employees (X-Extraordinary, C-Contributor, B-Below Contributor, L-Employee on Leave or Not Rated).

- If rating is B – Below Contributor, enter planned re-evaluation date (no later than 90 days after evaluation)
- After re-evaluation, enter actual re-evaluation date and updated rating

Navigation: Menu > Workforce Development > Performance Management > Performance Rating

For further information on, Performance Ratings see the job aids titled **HR351 Performance Rating** and **Performing a Mass Upload**. These job aids can be found on the Cardinal website in **Job Aids** under **Learning**.

Demonstration

In this demonstration, the Instructor will demonstrate the following:

- Entering a Performance Rating

Hands-On Exercise

Now you have an opportunity to practice the lessons learned today in a training environment.

Your instructor will provide direction on how to log in and complete the exercise.

If you have any questions, please ask your instructor.

Lesson Checkpoint

Now is your opportunity to check your understanding of the course material.

1. Disciplinary actions are recorded in Cardinal for:
 - a) Classified employees only
 - b) Waged and Classified employees

2. True or False. Performance ratings can be uploaded for classified employees using the mass upload templates.

3. True or False. In the case of a decision reversal, HR Administrators can delete information from the Disciplinary Actions page in Cardinal.

Opening a Cardinal Help Desk Ticket

The Cardinal Post Production Support (PPS) team is always available to help if you encounter an issue that cannot be resolved at your agency/locality or by using training materials.

When opening a Cardinal Help Desk ticket through the VCCC (VCCC@vita.virginia.gov), here are some tips that will help resolve your issue faster:

- Use “CARDINAL” in the subject line and add the functional area, if known (i.e., Cardinal – HR, Cardinal – BN, etc.)
- Be sure to include your contact information, including an email address and phone number where you can be reached.
- Details, details, details! Information such as the module you’re using (HR, Payroll, Benefits, etc.), the screen/page/tab you are viewing, the actions you are attempting to perform, and screen shots of error messages are all important.
- Sending screenshots? Attaching screenshots is a great way for the PPS team to see what is happening. However, DO NOT include the employee’s personal information on those screenshots. Make sure sensitive data not relevant to the issue is blurred or cropped out.
- DO NOT send “encrypted” emails (i.e., Virtu) to VCCC (VCCC@vita.virginia.gov) for ticket creation. You should not include protected personal information (SSN, Birthdate, address) when you submit a ticket. When this type of information is required for the issue to be resolved, please send a separate email to the respective Cardinal PPS Team email account using Virtu so that the PPS Team member who works on the issue can open the protected email.
